

Dear Teachers and Tracy,

It has been a long 4 years and Hon Zhi will be soon graduating from Raffles Montessori. You have seen how he had benefit from your school programmes over the four years.

Hon Zhi did not ever attend any enrichment classes except for HANYU PIN ING class this year.

Now, Hon Zhi is able to read and write independently and do simple problem sums. I can see that he is confident though still shy in front of strangers. The teachers in Raffles Montessori had done a great job.

I think Hon Zhi will be able to adapt to Primary one as he is able think and do his own work independently.

I was happily surprised that Hon Zhi actually sat down and memorised the Chinese speech a few weekends ago as he said he wanted to be selected.

I would like to thank especially Teacher Tracy for all her care, teaching and guidance for Hon Zhi over the four long years and you have always been around to see to everything for Hon Zhi.

I am sure Hon Zhi will remember all of you forever as you are all his very first teachers and Hon Zhi told me that he is sad to leave school.

I just want to say a BIG THANK YOU to all teachers for all the commitment and dedication.

Warmest Regards,  
Mdm Tan Gek Ngor
